

**Winners of the AWIM contest**

Car design contest

THE inter-school contest, A World in Motion (AWIM), Pune Olympics, was promoted by ARAI (The Automotive Research Association of India) was organised by SAEINDIA (Society of Automotive Engineers). Initially science and craft teachers from eight schools along with some volunteers were given training in principles of automotive designs.. Based on this training, the teachers provided guidance to the students and prepared them for the semi finals. The final round, in Chennai, will see the students competing at an all India level. Static Shock, the team comprising Kunal, Sourav and Sahil of DAV Public School were declared winners.
